

The Mokihana Club invites graduating Kauai high school music students to apply for its 55th Annual Music Scholarship Competition. The purpose of the competition is to encourage talented graduating Kauai students to continue their music studies after high school.

Over the years The Mokihana Club has awarded over \$70,000 to talented, qualifying seniors in both private and public schools. The competition is based on merit, not financial need.

To be eligible, applicants must have resided on Kauai for four months prior to the April music scholarship competition; be a graduating senior who is a student of voice or instruments; and be planning to attend an accredited college, university, vocational school, or continue to study with a qualified music teacher. Students must express a seriousness of purpose towards music.

Students must be recommended by a music teacher or by school personnel.

Application and recommendations are due no later than Friday, March 21, 2025. Late or incomplete applications will not be considered.

Completed application and the recommendation forms must be submitted online to: Debra Comstock at themokihanaclub@gmail.com.

Applicants will perform for The Mokihana Club at our April 2nd meeting.
